

# Revelation With Daniel

## Supposed to be in Kenya...

Well, I got ready that day to get to the airport three hours early, knowing I would be able to get the visa in the email just in time to get onto the plane... but... no visa. The attendants wouldn't let me start the process of getting onto the plane without the visa, but... wait! I never needed one before! The last three times of going to Kenya I needed one at the border, and after paying the fee, they let me in!

Now though, it's changed, and changing I'm sure. Pastor Allen and his wife Sheri were able to get onto the plane with only a receipt for their visa, and I had a receipt as well, but no go for me!

Why? I don't fully understand why, but I know God wasn't taken by surprise. His plan is working moving forward. My wife just said to me, "I know God had you here during this time. That's what I believe anyway..." That was good to hear. There's a lot going on! =)

## A Note from Naik in India

“Glory to Father and His Begotten Son Jesus Christ forever & ever. Today we organized pastors, evangelists, and leaders meeting in \_\_\_\_\_ district with 53 Members attended from different denominations to hear about the book of Revelation. The Holy Spirit guided me with power to teach them the Truth very strongly.

Pastors shared their experience with the book of Revelation because they never open this book to study and to teach their congregations, they feel very fearful about this book because it has mysterious symbols, but today after this meeting all the pastors received power from heaven and strength to study this beautiful book.

Everyone Raised their hands and committed themselves to study every day. Glory to the Father and His Begotten Son Jesus Christ for the beautiful teaching from the book of Revelation.

My heartfelt thanks to our Father in heaven for sending you Dear brother Daniel Mesa to India to lead the Indian Pastors & leaders to see deeper things from the book of Revelation by your teachings and explanations of the two prophetic books.

Once upon a time I myself was the same as those Pentecostal pastors, but after we both fellowshiped together, I received a special gift from God to teach the book of Revelation in a wonderful way. Thank you Jesus Christ for Brother Daniel Mesa.

All 53 Members accepted The truth and, understood who is Antichrist and Lucifer.

Every time they fear to touch the book of Revelation and also fear to teach their church members, but today they feel very happy and freely reached to open the book of Revelation and asked Spirit of GOD to give them true interpretation of the meaning of every verse...”

We thank God very deeply for what He has done.

## From a Pastor in Kenya

“Greetings in Jesus name!

I just wanted to let you know that you’re pastoring a global church. You have impacted me greatly, and I have grown by leaps in the knowledge of the only true God and Father. I can now defend the faith and teach others to avoid the trinity doctrine.

God bless you so much. I have downloaded your sermons, and I constantly listen, and watch you as you preach on my phone... Even as I'm walking home.

The Truth is spreading in Kenya like a wildfire. God is doing a work in our times.

I am currently pastoring a young congregation in one of the counties of Kenya called \_\_\_\_\_. I just wanted to make your joy abound more, because it will comfort and strengthen your faith.

Shalom.”

Again, we praise God...

## Watching God's Work

*A written response from Zack, the man who needed the van in the last newsletter:*

“It was a little bit over a year ago when I came home and found that my son had moved out while I was at work. That, along with some recent health issues, had taken a toll on me, and I had become very depressed again. I decided to live in my car with hopes of traveling and spreading literature, and hopefully overcoming this depression. So off I went!

I had a few different rest areas that I parked at to sleep, and I would put out *Steps to Christ* books and another book about the life of Christ. This is where I began to watch the Lord's great work! I wouldn't hand the books out personally but would put them somewhere inside the rest areas and go out and get ready to go to sleep. As I would sit there waiting to go to sleep, I would see people walking out carrying one of the books and flipping through them! I would put out a stack of books each night at two rest areas, and they would be gone by the morning.

Well, about two or three months into living in my vehicle, it began having one problem after another. I was living in my vehicle and couldn't even get any money saved up because everything was going into keeping it running.

I prayed and prayed and asked God to direct me on what to do, and every time I did, I would hear that voice saying, “Ask, and you shall receive.” My problem was that I truly don't like asking for anything. Most of my life, I've felt like a burden to those around me, so I try to do everything myself. This has been a hard battle to overcome. I wrestled with God on this, but as the car got worse and I prayed more, God finally assured me that it was okay to need help. I started looking around at other vehicles and found one, checked it out, and decided it was my best option.

I contacted Pastor Daniel and another brother in the faith about a year ago or more and presented my need. With no questions asked other than for my address, I had received funds for the vehicle I had found! I went and purchased the vehicle and moved into it! With all of the problems I'd had with the last vehicle I still hadn't got to do any travel yet, so I decided to head to Virginia Beach for a while. I spent about a month at the beach working and putting books out. The Smyrna camp

meeting was coming up in Fall Creek Falls (May, 2023), and I wanted to attend that, so I started heading that way. What a blessing that was!

About a week or two after camp I came back to West Virginia for a while, and as I was driving one night the clutch started going out on the car. A semi was flying up behind me and I was trying to get off the road and out of its way, and in doing so, with the clutch slipping, I over-revved the engine and it blew up!

That led to me having to come stay somewhere that I really didn't want to stay. So I was there, and the depression started setting in again, and I was praying and praying and working and trying to figure out if I want a vehicle again or if I just want to get a living place and ride the bus... or if I just want to get a big backpack and pack it up and head out and live some hammock life. I really miss putting out the literature though, so I was praying...

While I'm praying, I'm thinking about Jesus, really thinking about His life, and I prayed, "Lord, I'm not going to ask for a car or a place to live or even for a backpack, but whatever your will for me is, then that is my prayer. If you want me in a car, that's fine with me, if you want me to find a place then that's fine also, and if you want me to pack it up and walk or none of those then that's fine also." I was praying this prayer and I heard that voice again saying, "Ask, and you shall receive," and I replied, "Lord, I can't ask for money again," to which He replied, "then don't." So I'm asking God what does that mean? What do I ask for?

So I messaged Pastor Daniel and ask him if he knows anyone looking to donate a vehicle or anyone needing a worker in exchange for a place to live. He told me that he didn't at the moment but he would keep it in mind and told me to let him know if I got something worked out. Well, about a week or two went by, and he asked me to get ahold of him...

He told me about the van and that he had purchased it for me and he knew that God was at work in all of this! He told me that he was going to take the van to Smyrna Ministry when he attended Pastor Allen's wedding (November, 2023). I at the time was in West Virginia!

I was at work the day before I went to pick up the van at Smyrna, and I was looking at and pricing tires for the van. With winter coming, I figured it would need them soon. Well, I decided on the best tires for performance for the winter as well as after, and yet, I didn't know if I would even be able to come up with the money on time. Anyways, I got up to Smyrna to pick up the van, got out and look over at the van, and as I was checking it out, it has brand new tires... the same exact tires that I wanted to get for it! God is great! I had to hold in the tears.

I saw the Lord's hand at work again through my dear brother, Daniel! Not only have he witnessed to me, but as I've told the story to family and others, it has been a witness to them as well. I have to say also that most people won't even help someone with something like this once, let alone twice. Thank you brother Daniel; it has truly touched my heart!

What I have learned from all of this is that God is always molding us and He wants to break our fears and for us to trust in Him fully. I may know what I think I need but He knows what I truly need and is more than willing to supply it. He has something bigger and better planned for me and I can't wait to see where He leads me..."

## More Work for the Truck and Trailer

if they wouldn't mind helping me get a bunch of stuff off a random women's property, and they were delighted to help. =>

God worked it out that I could have a truck, and now a trailer... why? Because God knows that I'm that guy that will help when I can. Remember that gal that was stuck on the side of the freeway that I told you about in a previous newsletter? Well, I contacted her again asking how it was going with the challenge I gave her of reading the Bible for thirty days. That ended up in a text conversation about her needing help getting stuff off her property. I asked my daughter and her friend
